

## **Nemschoff Introduces New Therapeutic Seating**

SHEBOYGAN, WI – February 1, 2004 – Nemschoff proudly announces the addition of the new Caroline recliner to their innovative collection of healthcare furnishings.

The Caroline recliner stands at 47 inches high and is 31 ½ inches wide. This new beautifully-designed chair is highly functional. It includes a slide-out footrest and has two recline positions for maximum patient comfort.

The Caroline therapeutic chair – which is backed by the Nemschoff Lifetime Warranty – is compact and only needs to be four inches away from a wall to recline.

Nemschoff has been putting patients' well-being first since the company opened in 1950. Their stylish and comfortable furniture—along with their dedication to customer service—is why they lead the nation with healthcare furnishings solutions for a variety of environments.
