

Nemschoff Proves the Classics Never Go Out of Style

Reintroduces classic Iris series

SHEBOYGAN, WI – January 1, 2004 – Nemschoff is proud to announce the release of the Iris series of healthcare furniture. This design—originally produced in the mid-twentieth century—is being re-introduced as the first in the Nemschoff Classics program.

Iris lounge seating, available in chairs or settees, has a high back and wrap-around design that creates comfort and drama in any healthcare setting.

This bold and sophisticated line of products has a solid hardwood frame, is available with or without arms and is guaranteed by the Nemschoff Lifetime Warranty.

Nemschoff has been creating quality and innovative healthcare furnishings since 1950. With a passion to develop original products that meet the changing needs of the healthcare marketplace, Nemschoff works closely with customers to manufacture the highest quality furniture that makes patients the most comfortable.
