

Nemschoff Expands Popular Oliver Series

SHEBOYGAN, WI – January 1, 2004 – Nemschoff has introduced new lounge and SleepOver® furnishings to their superior line of products for the healthcare industry. These additions to the popular Oliver product family will enhance a variety of settings while providing maximum comfort.

The stylish new Oliver lounge chair has stunning curves and open wood arms. This comfortable chair is 35 inches high and is available as a one-, two- or three-seat.

Nemschoff has also added a SleepOver® settee to its Oliver family. The settee includes a storage compartment for bedding and extends to the side to create a 25``X 78`` sleep surface.

These new Oliver products—which are also compatible with the company's Olivia series – are constructed with solid maple, spring seating and have the proprietary Nemschoff finish created specifically for use in healthcare spaces. Nemschoff stands behind the quality and comfort of these products with a lifetime warranty.

Since 1950, Nemschoff has been dedicated to excellence in manufacturing the highest quality healthcare furniture on the market. The new Oliver products are another example of why Nemschoff leads the country in creating innovative healthcare furnishings solutions
